THURSDAY, AUGUST 31, 1905.

If the Russian bureaucrats are dis-  
satisfied, another recommendation is  
found for the peace made at Portsmouth.

The Bulletin will not pass an opinion  
on the law in the Barre estate ap-  
peal for reduced taxes, but we will  
agree to produce at least one individ-  
ual satisfied that taxes assessed on  
property during the years 1901 to 1905  
should be reduced by the Territory  
and paid back.

Tokio reports that Japan is disas-  
tressed with the peace conditions. This  
shows that the people are more ambi-  
tious than the national policy-framers.  
Thus it becomes only a matter of  
time when the people will be shaping  
the policies and the real spirit of Ja-  
pan hung on the outer wall.

Secretary Atkinson's proposal for a  
Federal sanitation commission in Ha-  
waii is a good one from many stand-  
points. It will decrease local expenses  
and any work carried out by the Ma-  
rine Hospital Service is well done.  
But what would a local lawyer do—  
get out injunctions against the mos-  
quitoes?

## TAFT PARTY RETURN.

Having indulged in more or less dis-  
cussion over the entertainment of the  
Taft party, Honolulu is now face to  
face with the probability of having an  
one to entertain.

The drones may sit down and say,  
"Let 'em go, then we won't have the  
trouble of giving them a good time."  
The live men of the community  
should start the messages moving im-  
mediately to secure a change in the  
Taft party decision to cut out Hawaii  
on the return trip.

Failure of Secretary Taft and his as-  
sociates to stop here will be nothing  
more or less than a serious public mis-  
fortune, and the efforts of Hawaii's  
leaders to bring about a reconsidera-  
tion favorable to this port should be put  
forth accordingly.

## HILO HIGH SCHOOL FUND.

Secretary Atkinson, Acting Govern-  
or, speaking to the Advertiser on the  
text of economy in spending the loan  
fund, is quoted as saying that he  
knows nothing of the imputation con-  
tained in that paper regarding the  
probability of cutting out the Hilo  
High School from the list of legislative  
appropriations to be carried out under

the loan funds. From this it would  
appear that Territorial officers as pre-  
sented by the Advertiser were either  
misrepresented or were misrepresented.  
It was indeed remarkable that the  
first suggestion of practical economy  
in the expenditure of loan money  
should strike at the public schools. It  
shows an extraordinary state of official  
mind when, at the first demand  
for economy, thought turns to re-  
trenchment in the comfort and accom-  
modations of the public schools. It is  
so far out of sympathy with an Ameri-  
can spirit of progress that sponsorship  
must be distasteful for any official.

Mr. Atkinson, however, goes further,  
or is quoted as saying that he doesn't  
know anything about an item for a  
Hilo High School building in the loan  
fund. If he said this, it is almost as  
unfortunate as it would have been had  
he been father of the original propo-  
sition to drop this item from the list of  
expenditures. He ought to know there  
is such an item.

The policy of economy is always a  
good one when it is carried with a  
view of selecting the expenditures that  
will advance public work of first  
importance. Nothing in the American  
scheme of government takes prece-  
dence of public-school equipment.

## WATERFRONT BLOTS.

Rusting, unsightly steamer boilers  
adorn the waterfront of Honolulu and  
aid in giving the incoming passenger  
his first impression of Hawaii and the  
public spirit of its citizens.

These waterfront decorations have  
been in evidence for months, even  
years; so long that not a few citizens  
have gained the impression that the  
scrap iron has some useful excuse for  
resting where it does.

Here is an opportunity for the Pro-  
motion Committee or the Board of Su-  
pervisors to demonstrate that there is  
a latent spark of public spirit in Ho-  
nolulu capable of being fanned into a  
real, active flame if properly  
handled. Improvement of the water-  
front is well within the province of  
the Promotion Committee. Seeing that  
it is done, is within the legal authority  
of the Board of Supervisors. The  
former need not doubt whether it  
should first ask the Chamber of Com-  
merce, nor the latter search the ar-  
chives to determine whether the Or-  
ganic Act interferes.

This morning a local paper gave a  
great deal of its space telling what  
Boss Shepherd of Washington, D. C.,  
would do for the promotion of public  
improvement if he were in Honolulu.  
Not so many months ago the same pa-  
per was reviling Boss Shepherd and  
using him as an example of what hor-  
rible things local self-government  
would do for Hawaii. For Boss  
Shepherd was the man who made pos-  
sible the beautiful city of Washington  
of today.

Then the advocate of what might  
be or might have been winds up with  
"what's the use?"

"What's the use?" never accomplish-  
ed anything and never will. It re-  
quires beginnings to make things  
move. Even a healthy and enthusias-  
tic public spirit has to have a be-  
ginning, and there is no better place  
from which to start than the water-  
front. Governor Carter, when the Fed-

May Get Morton  
For Santa Fe Rebate

Washington, July 17. — Assistant  
Attorney General Milton D. Purdy,  
who has been commissioned by the  
President to proceed against the San-  
ta Fe Railroad for its violations of in-  
terstate commerce laws in giving re-  
bates, returned here today full of  
hope that he will win the case and hale  
to justice the entire board of directors  
of the road. He explained that he  
was bringing the corporation to court  
on the charge of contempt in violating  
the law against granting rebates in the  
case of the Colorado Fuel and Iron  
Company.

Mr. Purdy has brought the action in  
this form by the express direction of  
President Roosevelt. Messrs. Judson  
and Harmon threw up their briefs in  
the case, because the President and  
Attorney General Moody would not  
permit them to proceed against the  
individual directors, one of whom was  
formerly Secretary of the Navy, Paul  
Morton, now overlord of the Equitable  
Life Assurance Society of New York.

If the corporation is adjudged in con-  
tempt it will be up to the court to say  
whether Mr. Morton may be tried with  
the other directors as individuals or a  
fine imposed upon the corporation.  
Hence, it would appear that Mr. Mor-  
ton is not yet out of the legal woods.

Manila, Aug. 12. — American surgeons  
connected with the Board of Health of  
Manila declare that they have discov-  
ered a positive cure for leprosy. Of  
twenty-five cases treated all have im-  
proved, six cases being absolutely cured.  
Several patients, portions of whose  
bodies were gone, have recovered.

All of the cases have been under  
observation for at least six months,  
and it is absolutely impossible to dis-  
cover a trace of the germs of the dis-  
ease in the blood of the patients.

The method used is a system of X-  
rays. The surgeons do not desire their  
names to be mentioned at present.  
They will not ask for the rewards  
which have been offered by various  
governments for a cure for leprosy.

## WHEN THE CZAR TRAVELS.

—Chicago Record-Herald.

Christian  
Wants His  
Wife Back

Albert Christian, for his wife, Eliza  
Christian, this afternoon filed a peti-  
tion for a writ of habeas corpus di-  
rected against Mrs. L. K. Kentwell,  
directing her to release Mrs. Christian  
from her custody.

This matter is merely a new phase  
in an old case which has kept the  
courts busy for several years past.  
Mrs. Christian was formerly Miss Holt  
and is an heir to one-third of the  
famous Holt estate. Since her marriage  
to Christian there has been much litiga-  
tion. Last year Mrs. Kentwell and  
others attempted to have the mar-  
riage to Christian annulled on account  
of an alleged mental deficiency on the  
part of Mrs. Christian. The case was  
fought bitterly before Judge Gear, who  
finally refused to annul the marriage.  
Subsequent to that Mrs. Christian has  
been for some time past living with

Mrs. Kentwell as is set forth in the pe-  
tition for the writ of habeas corpus  
which reads as follows:

"That said petitioner is unlawfully  
imprisoned, detained, confined and re-  
strained if her liberty by Mrs. L. K.  
Kentwell at Walkiki, Honolulu, etc.

"That said imprisonment, deten-  
tion, confinement and restraint are il-  
legal; and that the illegality thereof  
consists in this, to wit: She is deprived  
of going to live with Albert Christian,  
her husband, contrary to law and the  
rights of the petitioner.

"Whereupon your petitioner prays  
that a writ of habeas corpus may be  
granted, directed to the said Mrs. L. K.  
Kentwell, commanding her to have the  
body of said Eliza Holt Christian be-  
fore your Honor at a time and place  
therein to be specified, to do and re-  
ceive what shall then and there be con-  
sidered by your Honor concerning her,  
together with the time and cause of  
her detention and said writ; and that  
she be restored to her liberty."

## WHAT OF THE OTHERS?

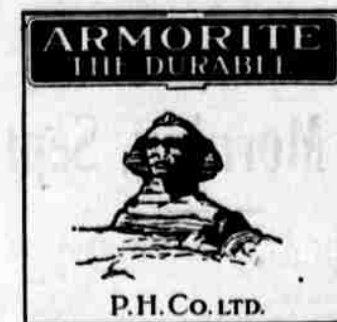

[San Francisco Chronicle.]  
The Courier Journal of Louisville,  
commenting on Wu Ting Fang's effort  
to have coolies admitted to Hawaii  
and the Philippines, asks if they are to  
go to those countries "How are the na-  
tives to make a living?" That is a  
question which the advocates of cheap  
Chinese labor don't bother themselves  
to answer.
